

Helping Hands for Seniors

We Invite You to Support Transportation Services for Seniors

Did you know that the loss of transportation is the number one concern for seniors as they age because it may impede their ability to remain independent? **Senior Resource Services' volunteers provide free transportation for seniors over the age of 60 in Weld County.** Your help is needed!

Helping Hands for Seniors

Volunteer with Senior Resource Services

A Unique Volunteer Opportunity

When you provide transportation to our senior clients, you get to see firsthand how your support makes a difference because YOU are the service provider!

Such an Easy Way to Make a Difference!

Senior Resource Services uses an online program called *Ride Scheduler* which allows our registered volunteers to sign up for rides according to their own schedules. Some volunteers offer multiple rides every week, while others might do so once or twice a month. The bottom line is that every ride you provide helps a senior maintain their quality of life and independence!

Volunteer Training and Support

Senior Resource Services' Volunteer Coordinator provides training and support to our volunteers. She will help you sign up as a volunteer driver and take care of the necessary paperwork. Once you are registered, she will train you to use our *Ride Scheduler* program. Volunteers are also invited to training meetings every quarter, where they get to know others involved in our project.

The Benefits of Helping are Priceless

Supporting seniors so that they may remain independent is perhaps one of the most amazing volunteer activities you will ever engage in. Most of our volunteers agree that the joy of building relationships with the senior clients they serve is the greatest reward.
